PART II: (Parents)

The NH-AGO isn't part of the National office's system of awarding financial aid to students attending a *Pipe Organ Encounter* (POE). The chapter does however have broad support from membership to see that our Education & Scholarship monies be used to help local students and their families as needed. Therefore we are offering \$250.00 to help offset costs associated with the POE. This grant will be in the form of a check made out to the Parent or Guardian named on this form.

PART III: (Student)

On a separate sheet, please write an essay that tells the NH-AGO

- why you want to study the organ and
- what you want to learn by attending a POE

(One page minimum)

\*\* Please have the student's teacher write a recommendation letter and then mail them both by the deadline to the address listed below.

TO BE RECEIVED BY ***JUNE 1, 2018***
